The purpose of this form is to help the *Institut* be of maximum assistance to you should the need arise while you are studying in France. Mild physical or psychological disorders can become serious under the stresses of life in an unfamiliar environment. The information provided by you and your physician(s) will remain confidential and will be shared with program staff, faculty, or appropriate professionals only if pertinent to your own well-being. Your application will not be rejected on the basis of either a physical or an emotional condition unless it is of such a serious nature or degree as to prevent your successful participation in the program, or unless appropriate medical care for the medical problem is not available in the program, and/or unless the living and environmental conditions to which you could be exposed would present a risk to your health.
